COLOR # & NAME: \_\_\_\_\_ ROOM: \_\_\_\_\_

This cabinet order has at least one countertop with a laminate choice of a polished or gloss finish or a “dark” colored laminate, solid or pattern. We consider these colors unsuitable for normal wear situations due to their excessive “*scratchability*”. Since these colors are visible at countless other sources, it does us no good to remove them from our board, although we wish we could. **It is impossible for us, the fabricator, to pick up the laminate, produce the top, ship the top and install it without having *light surface scratches* of some fashion.** Some *light surface scratches* may be difficult to see and some may be obvious. If normal production practices yield a *light surface scratch*, Quality Wood Products, Inc. cannot be held accountable for them. Breakage and gouges are not scratches. We will not intentionally ship something that is outside of the realm of the *light surface scratch* problem.

I have been advised by the Quality Wood Products, Inc. salesperson that the chosen laminate(s), under normal wear conditions, shows *light surface scratches* more readily, actually scratches easily and will probably have *light surface scratches* in it when it is delivered to the jobsite. I understand this laminate is not recommended for use in a normal wear situation and I have been cautioned not to use gloss or dark colored laminate on a countertop.

Due to the fact that the laminate choice is required by me, the homeowner, I accept the fact the laminate carries **no warranty** against *light surface scratches* by Quality Wood Products, Inc. QWP will do the best they can to get as much scratch free laminate as possible and will cover the top with plastic film to further protect the top from *light surface scratches*. Should any top with the above described laminates need to be replaced it will be at my cost. **This disclaimer letter must be in our salesperson or our office’s possession before ordering of material or production can occur. Please fax or mail promptly in insure timely delivery. QWP facsimile number is 816-231-4858.**
